***“Garbage Cans are a Visual Nuisance” says homeowner Stuart Brook  
“CanSkirt hides the unsightly Garbage and Recycle Cans from view.”***

**Orlando, FL:** A brand new product has been introduced into the *Home and Garden Marketplace* that camouflages the unattractive Garbage and Recycle Cans. CanSkirt transforms the look of regular roll cart containers with appealing landscape designs.

**Landscape scenes** CanSkirt landscape designs blend in with the neighborhood surroundings. Designs include: Stone Wall, Stone Wall Hedge, Brick Wall Hedge, White Fence, Picket Fence, Pink Azalea, Podocarpus Hedge and Viburnum Hedge.

**Easy installation:** CanSkirt attaches to the Garbage Containers with bungee type fasteners and wraps the can on three sides. A video showing the ease of installation can be seen at: <http://www.canskirt.com>

**CanSkirt** is a visually appealing, cost effective alternative for storing garbage cans outside the home. Homeowners have been searching for a neighbor friendly alternative to storing smelly trash cans in the garage.

**Homeowner Reviews:** Great concept.....*Henry P, Orlando FL*  
What a great idea! A simple fix.....*Danielle & Michael P, Orlando FL*  
I think these are great, I love the idea!.....*Stefani, Windermere, FL*
